IAG GO – NGO Coordination

Wayanad Landslide

Date: 31st August 2024

Time: 10:00 AM

BACKGROUND

Devastating landslides occurred in Mundakki, Chooralmala, Vellarimala Village, Meppadi Panchayat, Vythiri Taluk, Wayanad District, Kerala on July 30, 2024. Set off by prolonged, heavy rain, the landslip destroyed a great deal of property, taking lives and destroying infrastructure.

According to the State Emergency Operational Centre (SEOC) Kerala, 231 bodies and 212 body parts have been recovered so far, A total of 630 people have been injured 214 people have been saved alive, and another 119 people remain missing.

All of the relief camps in Wayanad have been successfully dispersed as of August 24, 2024, in the evening. Now, 702 families who were living in these camps have been moved into government accommodations, rented homes, and relative's residences.

A total of 702 families, including 943 men, 984 women, and 629 children, were moved from Chooralmala. Five of the displaced people are pregnant women. 2,556 persons in all have been impacted and are currently staying in temporary shelters.

GO – NGO COORDINATION UPDATES

The GO-NGO Coordination Desk continues its dedicated efforts to ensure that resources from NGOs are effectively mobilized and managed in collaboration with government agencies. This includes regular updates to the database of vendors, requirements, and ongoing NGO activities, ensuring that all stakeholders are well-informed, and resources are allocated efficiently.

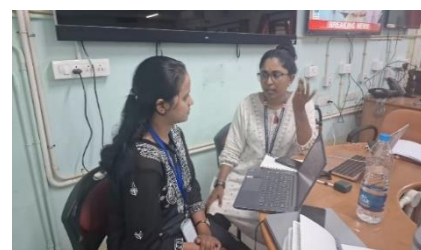

The URS matrix has been continuously reviewed and updated to reflect the latest activities and contributions of NGOs, ensuring accuracy and relevance.

Information regarding the current status of affected areas and people has been collected from various departments. This process included a discussion with the District Labour Officer to gather essential data on inter-state migrant labourers affected in the plantation areas, and engagements with the District Medical Officer to gain critical insights into damages sustained by health facility infrastructure. Additionally, current updates on physical damages and losses were obtained from the District Emergency Operation Center (DEOC)

On 23rd August, a high-level meeting was convened by the district authority, involving the Chief Secretary and affected individuals from Mundakkai & Chooralmala. The discussion centred on ongoing rehabilitation efforts and long-term support strategies for the affected communities, with active participation from the victims.

GO- NGO Coordination Desk, SEOC

Discussion With KSDMA State Project Coordinator/State IAG Coordinator

Participated in a comprehensive discussion with the social inclusion team as part of the Post-Disaster Needs Assessment. The GO-NGO coordination coordinator provided valuable insights from previous discussions with the Women and Child Development (WCD) department and recommended the Protection Officer Non-Institutional Care (PONIC) as the WCD representative for the upcoming team survey. This strategic involvement ensures that social inclusion remains a focal point in the district's recovery efforts.

A meeting with the junior supernatant District Social Justice Department focused on addressing the challenges faced by vulnerable communities, including differently-abled individuals, transgender persons, and the elderly, in the aftermath of the landslide, and identifying gaps where the Go-NGO coordination desk can enhance support and collaboration for their sustainable recovery.
