Greetings from Sphere India!

It's my pleasure to release the first issue of the Sphere India Monthly Newsletter. This Newsletter aims at disseminating information on initiatives, programs, concerns and events of stakeholders representing humanitarian community in India. Each issue would have voices from Sphere India management committee, Member Agencies, Inter Agency Groups, Government and Community. We are hoping to be able to issue this Newsletter every month. We invite your feedback and suggestions to improve the quality of this work and your contributions in different sections of upcoming editions to expand its outreach and purpose.

We hope this initiative will help us synergise to promote quality and accountability in humanitarian action in India and in the process build disaster resilient India.
