APRIL UPDATE

SPHERE INDIA ACADEMY

Sphere India Academy launched on 10th April 2020 is a collaborative initiative of WHO, UNICEF, WFP, HCLF, Sphere India, and other organizations. A capacity-building program for humanitarian professionals, equipping them to fulfill diverse roles in emergency preparedness, response, and support for local governments, administrations, and communities.

APRIL 11 WEBINAR : DISASTER MANAGEMENT WITH AN INCLUSIVE LENS: TO COMMEMORATE PREVENTION OF BLINDNESS WEEK

Participants - 119

ACTION POINTS / RECOMMENDATIONS

- Develop Methods to communicate (IEC) with people with disabilities.
- Accessible shelters
- Implement disability-inclusive early warning systems.
- Regular disability sensitivity training for all disaster management personnel.
- Implement disability-inclusive risk reduction plans

APRIL 28 VIRTUAL URBAN THINKERS CAMPUS ON SCHOOL SAFETY IN HIMALAYAS-INDIA

Participants - 107

ACTION POINTS / RECOMMENDATIONS

- Build capacity through training and certifications
- Collaborate on policy and regulatory frameworks
- Foster innovation and technology adoption
- Engage local communities in decision-making
- Implement monitoring and evaluation mechanisms
- Collaborate on resource mobilization efforts
- Advocate for policy changes and community participation
- Establish monitoring and review mechanisms
- Document and share lessons learned and best practices

APRIL 21 EMERGENCY PREPAREDNESS SESSION ON HEAT WAVE SURVIVING HEAT WAVE: BEST PRACTICES AND STRATEGIES

Participants - 100

ACTION POINTS / RECOMMENDATIONS

- Promote preventive measures such as providing shades, water, and wearing loose clothes.
- Set up a Heat Wave Action Plan at the district level.
- Mobilize community-wise volunteers or task force for heatwave prevention.
- Adopt eco-friendly architecture such as green roofs and sustainable building designs.
- Build resilience by planting trees and implementing early warning systems for extreme heat.

APRIL 24 WEBINAR - FROM CLUTTER TO CONSCIOUSNESS : THE ENVIRONMENTAL IMPACT OF DONATING OLD CLOTHES

Participants - 33

ACTION POINTS / RECOMMENDATIONS

- Use Sustainable Materials
- Implement a Closed-Loop System
- Engage Consumers in Circular Practices
- Develop Collaborations with Stakeholders
- Invest in Innovative Technologies.

MAY UPDATE

SPHERE INDIA ACADEMY

Sphere India Academy launched on 10th April 2020 is a collaborative initiative of WHO, UNICEF, WFP, HCLF, Sphere India, and other organizations. A capacity-building program for humanitarian professionals, equipping them to fulfill diverse roles in emergency preparedness, response, and support for local governments, administrations, and communities.

MAY 16 PANEL DISCUSSION: TOWARDS A SUSTAINABLE WORLD THROUGH EFFECTIVE MANAGEMENT

 <https://youtu.be/b9QqvJ8F8Pk>

Participants - 47

ACTION POINTS / RECOMMENDATIONS

- Encourage Public-Private Partnerships in waste management
- Implement Comprehensive Waste Management Strategies for Tourism
- More focus on existing Dump Site Management
- Promote circular economy in waste management
- Promote and support more research and development on waste management
- Promote awareness and education on waste management issues
- Enforce strict implementation of waste management rules.

MAY 31 TRAINING SESSION ON DISASTER RISK AUDIT : WHY IS IT MANDATORY?

 <https://youtu.be/Emq4gsr9a0I>

Participants - 37

ACTION POINTS / RECOMMENDATIONS

- Establish protocols and guidelines for conducting audits.
- Define clear roles and responsibilities for implementing audits.
- Integrate audit activities into disaster risk management systems.
- Identify potential risks and hazards specific to regions, organizations, and individuals.
- Conduct training programs and raise awareness about audits.
- Build capacity for conducting impact assessments.
- Utilize impact assessment findings for effective planning.
- Strengthen collaboration and knowledge sharing among stakeholders.
- Incorporate vulnerability risk analysis into audit processes.
- Foster a culture of accountability in waste management practices

MAY 19 CERTIFIED WORKSHOP ON IMPACT OF EMERGENCIES ON FRONTLINE WORKERS

Participants - 28

KEY POINTS COVERED

- Types of individual trauma and its impact.
- Responses to trauma and strategies for self-care.
- Understanding the concept of secondary trauma and its effects on frontline workers.
- Promoting self-care and decreasing the risk of secondary trauma.
- Introduction to trauma-informed care and its principles.

MAY 31 REGIONAL AND NATIONAL MULTI-STAKEHOLDER CONSULTATION FOR HEATWAVE AND MONSOON PREPAREDNESS - FOR SOUTH INDIA

 <https://youtu.be/ZgphfulyT8k>

Participants - 63

State representatives for the states of Kerala, Tamil Nadu, Karnataka, Andhra Pradesh, Telangana, Goa, Lakshadweep, and Andaman Nicobar Island participated in the session.

SESSION OUTCOMES

- Established collaborative stakeholder network in Southern India.
- Enhanced stakeholder capacity.
- Addressed gaps, shared best practices among states

ACTION POINTS / RECOMMENDATIONS

- Prioritize capacity building for stakeholders to enhance preparedness.
- Implement measures for improved natural resource management, including rainwater collection.
- Strengthen disaster risk reduction strategies, such as enhanced assessments and resilient infrastructure investment.
- Foster GO-NGO coordination and collaboration for effective response.
- Enhance communication and information dissemination to ensure timely alerts and support to affected communities.

JUNE UPDATE

SPHERE INDIA ACADEMY

Sphere India Academy launched on 10th April 2020 is a collaborative initiative of WHO, UNICEF, WFP, HCLF, Sphere India, and other organizations. A capacity-building program for humanitarian professionals, equipping them to fulfill diverse roles in emergency preparedness, response, and support for local governments, administrations, and communities.

VIRTUAL ACADEMY SESSIONS

JUNE 05

YOUNG LEADERS OF CLIMATE REVOLUTION: INSPIRING ENVIRONMENTAL ACTION ON WORLD ENVIRONMENTAL DAY

Participants - 42 | [Watch Here](#)

ACTION POINTS / RECOMMENDATIONS

- Make tree planting on children's birthdays mandatory in all schools to combat deforestation.
- Encourage sustainable lifestyle choices among children.
- Facilitate collaboration and networking platforms for youth.
- Support youth-led innovation and technology for environmental solutions.

JUNE 26

CLIMATE CHANGE AND THE FUTURE OF DISPLACEMENT : LESSONS FROM CLIMATE MIGRANTS AND HOST COMMUNITIES

Participants - 61 | [Watch Here](#)

ACTION POINTS / RECOMMENDATIONS

- Develop policies for climate-induced displacements, safeguarding migrants' rights.
- Enhance research on climate migration for evidence-based policies.
- Build capacity to adapt, reduce vulnerabilities, and promote sustainable livelihoods.
- Integrate climate action across sectors to address migration challenges.
- Advocate for international cooperation

MANIPUR CRISIS RESPONSE

JUNE 02

MULTISTAKEHOLDER CONSULTATION ON MANIPUR HUMANITARIAN CRISIS, 2023 VENUE: YMCA, NEW DELHI + ONLINE

KEY TAKE AWAYS

- Strengthen supply chain & coordination for efficient distribution.
- Engage communities for sustainable hosting and integration of displaced people.
- Prioritize hygiene, sanitation, and health services.
- Focus on education and child protection.
- Establish monitoring and evaluation mechanisms.

JUNE 06 - 10

TRAINING VOLUNTEERS FOR PSYCHOSOCIAL SUPPORT AND FIRST AID FOR AFFECTED POPULATION IN MANIPUR

Participants - 181

IMPHAL EAST & WEST, THOUBAL | KANGPOKPI
CHURACHANDPUR | BISHNUPUR

WAY FORWARD

- Trained volunteers will
 - Actively visit the relief camps and provide essential psychosocial support to the affected population
 - Identify the critical psychosocial needs of the camp inmates and promptly report them to Sphere India for necessary assistance and further coordination.

REGIONAL CONSULTATION

JUNE 05

REGIONAL AND NATIONAL MULTI-STAKEHOLDER CONSULTATION FOR HEATWAVE AND MONSOON PREPAREDNESS - FOR NORTH EAST INDIA

<https://youtu.be/pgDjF2NqVuE> Participants - 52

Assam | Sikkim | Mizoram | Meghalaya | Nagaland | Manipur | Tripura

JUNE 14

REGIONAL AND NATIONAL MULTI-STAKEHOLDER CONSULTATION FOR HEATWAVE AND MONSOON PREPAREDNESS - FOR CENTRAL INDIA

<https://youtu.be/0B1cVlw9kxU> Participants - 41

Maharashtra | Gujarat | Madhya Pradesh | Chhattisgarh | Odisha | West Bengal, | Jharkhand

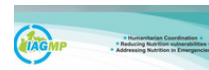

JUNE 16

REGIONAL AND NATIONAL MULTI-STAKEHOLDER CONSULTATION FOR HEATWAVE AND MONSOON PREPAREDNESS - FOR NORTH INDIA

<https://youtu.be/a5-VSnIRYpA> Participants - 29

Jammu & Kashmir | Uttarakhand | Uttar Pradesh | Rajasthan | Bihar

JULY UPDATE

SPHERE INDIA ACADEMY

The Sphere India Academy was launched on 10th April 2020. A collaborative initiative of WHO, UNICEF, WFP, HCLF, Sphere India, and other organizations. It is a capacity-building initiative with a mission to enable humanitarian aid and frontline workers across India to fulfil various roles in emergency preparedness and response.

PANEL DISCUSSION

JULY 07 'HER LAND, HER RIGHTS': CHAMPIONING WOMEN AS AGENTS OF CHANGE IN COMBATING DESERTIFICATION AND DROUGHTS

<https://youtu.be/odtbP0QVt1Q>

Participants - 59

ACTION POINTS / RECOMMENDATIONS

- Increase awareness about women's land rights to combat exclusion and promote equal access.
- Advocate for effective policies ensuring procedural systems for women's land inheritance.
- Gather gender-disaggregated data on land ownership for informed decision-making.
- Provide capacity-building initiatives to empower women in exercising their land rights and leadership in land governance.

EMERGENCY PREPAREDNESS SESSION

JULY 21 REDUCING AVOIDABLE DEATHS: PREVENTION AND RESPONSE TO SNAKEBITES

https://youtu.be/CQXpq7_fv2Y

Participants - 115

- Stay calm and move away from the snake.
- Seek immediate medical help from emergency services or the nearest healthcare facility.
- Keep the bitten limb immobilized to slow venom spread.
- Do not use a tourniquet, incisions, or attempt to suck out venom.
- Keep the bite below heart level if possible.
- Avoid applying ice, alcohol, or caffeine.
- Remove tight clothing or jewelry near the bite site.
- Note the snake's characteristics for treatment.
- Remember, urgent medical attention is essential for snake bites.

OCTOBER UPDATE

SPHERE INDIA ACADEMY

The Sphere India Academy was launched on 10th April 2020. A collaborative initiative of WHO, UNICEF, WFP, HCLF, Sphere India, and other organizations. It is a capacity-building initiative with a mission to enable humanitarian aid and frontline workers across India to fulfil various roles in emergency preparedness and response.

PANEL DISCUSSION

OCTOBER 12 DIALOGUE ON THE CAUSES AND IMPACTS OF THE RECENT SIKKIM FLOOD

 <https://youtu.be/SikkimFlood>

 Participants - 90

ACTION POINTS / RECOMMENDATIONS

- Address challenges like road accessibility in northern Sikkim during rescue operations.
- Coordinate delivery of essential supplies for affected communities in Sikkim and West Bengal.
- Provide educational support for students impacted by the crisis.
- Promote the creation of flood-ready go bags through awareness campaigns.

OCTOBER 16 WILDLIFE RESILIENCE IN CRISIS: SAFEGUARDING CAPTIVE AND WILD ANIMALS AMIDST DISASTERS

 <https://youtu.be/WildlifeinDisaster>

 Participants - 88

ACTION POINTS / RECOMMENDATIONS

- Develop adaptable emergency plans for animals in crises.
- Ensure safety in captive facilities and practice evacuations.
- Prioritize habitat conservation and post-disaster restoration.
- Foster collaboration for a coordinated response.
- Launch awareness campaigns for wildlife protection.

REGIONAL LANGUAGE SESSIONS - BANGLA

OCTOBER 04 CLIMATE RESILIENT FUTURE: EMBRACING CLIMATE SMART SOLUTIONS IN RESILIENCE BUILDING PROCESS

 <https://youtu.be/Bangla session>

 Participants - 30

OCTOBER 23 STARTING AT SCHOOLS: SAFEGUARDING ANIMALS FROM DISASTERS

 <https://youtu.be/DMinSchools>

 Participants - 46

ACTION POINTS / RECOMMENDATIONS

- Integrate animal safety lessons into the curriculum for behavior, welfare, and disaster preparedness.
- Form student-led emergency response teams trained in animal rescue and first aid.
- Conduct regular mock drills for disaster scenarios involving animals.
- Designate safe zones within schools equipped with necessary supplies for animals during emergencies.
- Educate students about local wildlife and promote responsible coexistence.
- Establish partnerships with animal welfare organizations for workshops on safety, disaster response, and related topics.

Awareness Session: Be Lightning-Ready: A Guide to Safety and Preparedness

<https://youtu.be/Lightning>

Participants - 53

NOVEMBER 20

Panel Discussion: Indigenous Wisdom and Approaches to Disaster Preparedness: A Glimpse from Assam

<https://youtu.be/IndigenousDRR>

Participants : 99

WAY FORWARD

Sphere India Academy is conducting webinars to understand traditional DRR practices directly from indigenous communities across India, with plans to compile the insights into a comprehensive document.

PRE COP-28 WEBINAR HYBRID EVENT

<https://youtu.be/DRR in Agriculture>

Participants - 39

ACTION POINTS / RECOMMENDATIONS

- Develop and implement a comprehensive roadmap engaging scientists, officials, and farmers.
- Conduct impactful grassroots campaigns, workshops, and training programs to educate about climate risks and promote resilient farming practices.
- Collaborate with scientists, farmers, and universities, integrating technology for climate-resilient agriculture.

PRE COP-28 WEBINAR

NOVEMBER 13

Panel Discussion: Loss and Damages Fund: Challenges and Opportunities for Effective Fund Utilization - [Access Session Report Here](#)

<https://youtu.be/Loss and Damage>

Participants - 45

ACTION POINTS / RECOMMENDATIONS

- Embed the Loss and Damage Fund in sectoral initiatives for targeted climate resilience.
- Boost efficiency by integrating the fund within established institutions, leveraging social protection systems and anticipatory approaches.
- Guiding Criteria for Loss and Damage Funding- [Click Here](#)

NOVEMBER 23

Intersectional Perspectives on Mainstreaming Gender, Disability, Indigenous & Local Knowledge Systems in Climate Action - [Access Session Report Here](#)

<https://youtu.be/InclusiveDRR>

Participants - 125

ACTION POINTS / RECOMMENDATIONS

- Address the link between heat increase and intimate partner violence, implement gender-inclusive policies, and promote successful climate adaptations.
- Advocate for cost-effective anticipatory actions, involve persons with disabilities, and promote diversity in disaster response.
- Revive regional cooperation for disaster risk reduction among South Asian countries.
- Prioritize strong SRSP, explore alternative funding, and align disaster mechanisms with social protection.
- Centralize social protection, focus on inclusivity, and institutionalize coordination.

DECEMBER UPDATE

SPHERE INDIA ACADEMY

The Sphere India Academy was launched on 10th April 2020. A collaborative initiative of WHO, UNICEF, WFP, HCLF, Sphere India, and other organizations. It is a capacity-building initiative with a mission to enable humanitarian aid and frontline workers across India to fulfil various roles in emergency preparedness and response.

HYBRID SESSION

DECEMBER 20

Decoding COP28 For India: Navigating Challenges and Charting Strategies for India's Climate Course

ACTION POINTS / RECOMMENDATIONS

Sphere India in collaboration with Climate Action Network South Asia organized a session on 20th Dec 2023 to reflect on COP28, discussions, and their integration into India's strategic framework for widespread impact. Some of the key aspects highlighted include the pivotal focus on aspects such as gender-responsive adaptation and India's indispensable role in local climate actions. Notably, there was a strong emphasis on inclusive energy transitions and intensified calls for climate finance and climate-induced health vulnerabilities. India has undertaken a proactive stance, advocating equity, just transitions, and financial mechanisms for policy implementation and phasing out fossil fuels.

In addition, the session dissected India's climate policies and adaptation strategies. The discussions showcased commitments to greening education, integrating climate education into national systems, and emphasizing resilience across all education levels. The focus must translate to empowering youth with actionable plans and funding for impactful climate projects, ensuring their voices lead to tangible climate action.

- Action Outcome Document based on COP28 with strategic priorities for diverse stakeholders
- Outcome document on Climate-induced Health Priorities
- Document on Climate & Localization of adaptation plan
- Creation of Task Force Group on Climate Action
- Evidence-based Action including aligning goals with Government and other relevant stakeholders
